GUIDED MISSILE AND ASTRONAUTICS INTELLIGENCE COMMITTEE

20 November 1961

Subsequent to the GMAIC meeting, the following suggested changes were received from the Army Member of GMAIC: -

Page C I 18 - 4th line - delete "extraordinarily".

Page C I 13 - Last sentence 2nd paragraph delete and replace with "The reduction in payload, long reaction times, requirements for lateral maneuver and other operational disadvantages make development of such a system unlikely in the near time frame".
